RECEIVED

APR 13 2004

Federal Communications Commission  
Office of the Secretary

The ARRL (Amateur Radio Relay League) will soon ask the FCC to create a new level of Amateur Radio Service License that would give HF phone privileges without requiring a morse code test. Also it would drop the code test from 25 wpm to 5 wpm to obtain the Extra class license. We feel this is not in the best interest of The Amateur Radio Service.

If you could look into this and consider helping defeat this it would be appreciated.
